JAPANESE ATTEMPT TO CUT OFF RETREAT

Are Rapidly Pursuing to Prevent Russians Entering Harbin.

New York, Mar. 18.—Advices from Manchuria are very meager, but the few dispatches received indicate that the Japanese are moving north, west of the railway, intending to cut the line and prevent the Russians retreating to Harbin, if they have not already done so. Fresh troops are leaving Harbin for the south.

Both Germany and France are making efforts for peace, but thus far without avail, the Tsar repudiating every suggestion of the kind. Meanwhile Russia is about to issue a new loan and to mobilize fresh armies.

Few Prisoners Captured.

Tokio, Mar. 18.—There are various reports about no prisoners being captured in the recent fighting in Manchuria. One estimate is twenty thousand. Even the conservative element now cries, "On to Harbin."

Second Squadron Sails.

Antananarivo, Madagascar, Mar. 18.—The Russian second Pacific squadron left Nossi Be the afternoon of March 16. Its destination is not known.

The Army in Manchuria.

St. Petersburg, Mar. 18.—Decided anxiety is felt here regarding the fate of the army in Manchuria under its new commander, no news of military movements the last two days having been received here. The only dispatches from the front are the brief announcements that Gen. Line-

vitch had assumed command and that Gen. Kuropatkin was departing for St. Petersburg, which disposes of a rumor that the latter had committed suicide.

In this correspondent's opinion, no pause in the Japanese advance is probable for some time. The Russians are losing heavily in the rear guard actions, and Japanese columns are reported to be pushing northward as fast as possible to complete the envelopment of the Russian forces. Gen. Linevitch, however, will have a considerable accession of fresh troops in a day or two, the Fourth European Corps being now at Harbin and departing southward. Military officials here declare that there are now 268,000 men at Gen. Linevitch's disposal in Manchuria, and it is believed that this force will be sufficient to cause the Japanese to exercise greater caution in their pursuit.

Gen. Linevitch is distinctly a line officer with a long record as a fighter. He is almost as cordially disliked by the general staff as is his predecessor and there also is bad blood between Kuropatkin and Linevitch dating from a personal quarrel in the days when Kuropatkin was commander of the trans-Baikal army, which led Linevitch to demand satisfaction. Kuropatkin assumed the position that he could not fight an officer of inferior rank. The succession of this officer will naturally increase Gen. Kuropatkin's discomfiture.

EMPTIED GUN INTO WIFE'S ASSAILANT

Illinois Man Then Carried Victim to Officers.

Chicago Man Shoots at Man and Suicides—Fatal Ending of Cape Girardeau Dance.

BOY IN JAIL FOR MURDER

Paris, Ill., Mar. 18.—Elbert Wright, a wealthy farmer of Horace, Ill., whose wife was assaulted Saturday, shot and seriously wounded Peter Bassett, whom he tied in a buggy and delivered to officers here. Bassett, the police say, confessed the crime. The incident caused great excitement. A great crowd gathered at the jail last evening and the officers feared trouble.

Bassett disappeared after assaulting Mrs. Wright. Wright learning that Bassett was working in a field in the neighborhood, went to the place and emptied the contents of the shotgun in Bassett's back. Mrs. Wright is still suffering from the shock.

Husband Suicides.

Chicago, Mar. 18.—Because his divorced wife refused a reconciliation, Frank Yokum Taylor fired three shots through door. Thinking her dead, he then killed himself by a bullet through the head.

Killing at a Dance.

Cape Girardeau, Mo., Mar. 18.—In a fight at a dance at Allenville, in this county, John Crader, a well known citizen of that town, was fatally wounded by an ex-convict named Sug Brose. Crader attempted to eject Brose from the hall when the latter struck him in the head with a club, crushing his skull. Brose is in jail.

Killed With a Bat.

Americus, Ga., Mar. 18.—Charged with murder, Grady Tetter, a young lad scarcely in his teens, is in jail here. Returning from school two boys, young Tetter and Augustus Oliver, disagreed about a trivial matter, whereupon the Tetter lad struck young Oliver a stunning blow upon the head with a baseball bat, death resulting.

THREE GOVERNORS INSIDE OF ONE DAY

Gov. Peabody True to Agreement, Resigned.

Lieut. Gov. J. F. McDonald Was at Once Sworn In—Ex-Gov. Adams Returns Home.

NOT MAD, BUT WAS UNHAPPY.

Denver, Col., Mar. 18.—In less than twenty-four hours Colorado had three governors. The bargain made by leaders of the opposing republican factions of Colorado to take the governor's chair from Alva Adams and to seat Lieut.-Gov. J. F. McDonald, after permitting James H. Peabody to hold office for one day, was carried to a conclusion last evening. Gov. Peabody, in fulfillment of the agreement resigned last evening. His resignation was filed in the office of Secretary of State at 4:20 p. m. James Cowie, secretary of state, immediately certified Gov. Peabody's resignation and Lieut. Gov. McDonald was then sworn in as governor by Chief Justice Gabert. There was no further ceremony.

Gov. Peabody transacted practically no business of state while in the office of governor.

Half a dozen members of the National Guard patrolled the corridors about the executive chamber during the day as a guard for Gov. Peabody. Lieut. Gov. McDonald reluctantly takes the chair which Gov. Peabody resigned after forcing Gov. Adams out. The Lieut.-Governor has taken no part in the bitter fight over the governorship, which has been waged ever since the election on Nov. 8.

Senator Cornforth, president pro tem. of the senate, becomes acting lieutenant governor.

"I am going to my home and my business in Pueblo," said Alva Adams, who was deposed by the general assembly from the governorship after having served sixty-six days.

"I am president of a savings bank and I have a hardware establishment, so I have no fear about the bread and butter proposition."

"At the same time," he added, "I am by no means in a jocular frame of mind. I have been outraged and I feel the resentment that is natural."

NO REPORT.

Former Inspector Hines For Several Days Yet.

Inspector Hines is working hard to complete the tax books of 1903 and will try to prepare a report on the sheriff's office by the expiration of next week. His accountants are finishing the work of going over the receipts and this will require some little time. The work is kept up in such a way that it will be complete for a report as soon as the accountants have finished with the receipts.

Inspector Hines will prepare his report and first give it to the governor as he did in the case of the county clerk, the press getting it later.

Former Cairo Doctor Dead.

Dr. Horace Wardner, for many years a resident of Cairo, Ill., and during the war in charge of the general U. S. hospital at Mound City, Ill., is dead at LaPorte, Ind. He was 76 years old, and is doubtless remembered by many of the older Paducahans.

NOTHING IN THE CASE AGAINST DR. BOYD

The Warrant Against Him Was Dismissed Today.

Mr. J. F. Nicholson Fined \$100 and Judgment Suspended—Other News in Legal Way.

MIGHT HAVE KILLED FAMILY.

The warrants issued yesterday against Dr. Frank Boyd and Mr. J. F. Nicholson for the alleged failure to report the existence of smallpox resulted in a very unusual case. It was alleged that Mr. Nicholson had smallpox and that he and Dr. Boyd failed to report it. There was no evidence presented at the trial in police court today that Mr. Nicholson had smallpox.

Dr. Boyd did not know it. The only time Dr. Boyd saw Mr. Nicholson was January 16th when he was summoned. He told the patient to notify him the next day if he was worse, but the evidence showed that Mr. Nicholson was out on the street and worked a day or two after he had called a doctor. He then became ill again, and a few pimples appeared on his hands and face. He remained in his room, had no doctor and has no means of telling whether he had smallpox or not, as he is well now and there is no evidence that he had it.

As a precaution he said he thoroughly fumigated his apartments after he recovered.

Judge Sanders promptly dismissed the warrant against Dr. Boyd, and said there was nothing to show that he knew anything about Mr. Nicholson having smallpox, in fact, there was nothing to show that Mr. Nicholson had it. He assessed a fine of \$100 against Mr. Nicholson, however, and suspended it until such a time as the court, after an investigation, is satisfied that Mr. Nicholson had smallpox and concealed it. This probably means a dismissal, as there is no way by which a diagnosis can now be made.

The evidence in this case developed the stupid, careless manner in which the health authorities sometimes look after their work in Paducah. There has for several days been complaint of the kind of quarantines maintained in cases where patients, instead of being sent to the pest house, are allowed to remain in thickly settled localities and menace the health of scores of people.

The evidence in the case tried today showed that someone a short time ago burned in the Smith barber shop under Mr. Nicholson's home in order to fumigate the barber shop, a large quantity of sulphur for several hours without notifying Mr. Nicholson and his family, and that during the night they were awakened almost suffocated by the fumes, and forced to leave and go to a hotel. The blunder in not ascertaining that people lived upstairs, and notifying them, might have cost them their lives.

The evidence also showed that the Nicholson case, over which they took out a warrant against Dr. Boyd, impressed the health authorities with such force that they never fumigated the place after they found that an alleged case of the disease had existed there. They simply took Mr. Nicholson's word for it that he had done it.

Several doctors testified that if the fumigation of Mr. Nicholson's apartments has not been done well, persons going into them may contract the disease, if it was smallpox. The health officer stated that he heard of the alleged facts on which warrants were not issued until yesterday, ten days ago, and when asked by Dr. Boyd why he did not come around or call him up and ask him about it, and get the facts, the health officer said that it wasn't his business to do so.

A number of local doctors say that one reason smallpox has lasted this long in Paducah, is the way it has been handled. That frequently, so they are informed, the persons at whose home the disease has appeared, are told when it comes time to fumigate, to burn sulphur, and the health authorities often take it for granted that it will be done, and done right, when as a matter of fact

THE BATTLE ROYAL WILL SOON BE ON

Judge Paynter Announces for United States Senator.

He Will Receive the Support of the Beckham Machine Against Senator Blackburn.

WILL ENLIVEN STATE POLITICS.

Louisville, Ky., Mar. 18.—Justice Thomas H. Paynter, today formally announced his candidacy for the United States senate to succeed Joe Blackburn.

This is one of the first steps of the Beckham administration to defeat Blackburn, and was not unexpected. It had been rumored for sometime that Judge Paynter would enter the race, but his formal announcement was not forthcoming until today.

His announcement means one of the bitterest political fights in the history of Kentucky. In many counties of the state there have already been hot factional fights in nominating legislative candidates, that threaten to disrupt the party.

Blackburn claims that he has already nearly enough votes by reason of democratic legislative nominations to win in the caucus, but this is not credited by the other side.

There are many who cannot see anything else but the defeat of Blackburn, for the most powerful political machine that Kentucky ever had, is now lined up against him. Now that the administration has a candidate, the legislative races will all take on new interest. The question will be asked of all candidates for the legislature, "Are you for Blackburn or Paynter?"

Judge Paynter is father-in-law of Attorney Morton K. Yonts, formerly of Paducah, but now of Louisville. Judge Paynter is now a member of the Kentucky court of appeals.

ONLY ONE LEFT.

All the County Schools Have Closed Except District No. 25.

There is at present but one county school running, this in district No. 25, where the county superintendent and the trustees had a misunderstanding which caused the school to remain closed several months and threw it behind the others, each school having to remain in session six months.

Yesterday when Miss Virgie Hudson closed her school at Melber, she was the last to close excepting the No. 25 School and County Superintendent Ragsdale has little to do now. The season was successful and the teachers are gratified over the result.

ARABS INSISTED ON FIGHTING IT OUT.

Aden, Arabia, Mar. 18.—It is rumored the Arabs have captured a town in the Sanaa Yemen district, supposed to be garrisoned by five thousand and Turkish troops. They declined to accept the Turkish general's offer to surrender.

Child Breaks Its Arm.

Ollie, the 8-year-old son of Mr. J. D. Hudson, fell while playing in Mechanicsburg this morning and broke its arm. Dr. Carl Sears attended it.

—Miss Allie Rudolph, of Lone Oak, who was run over by a wagon and her right foot mashed, is much better and the injury will not prove permanent.

It may not be done at all.

Mr. Frank Smith, the barber, was very mad when taken to the city hall today as a witness in the case. He says he is going to sue the city for damages. He wasn't there to testify and they got an attachment for him. He claims he had never been subpoenaed in the case, and that they had no authority to attach him. Several other witnesses were also attached without having been subpoenaed, they claim, but they were mostly doctors and did not get mad enough to bring suit. The law requires, it is claimed, that a witness first be subpoenaed, and if he does not respond, he may then be attached.

WEEK'S NEWS IN THE BUSINESS WORLD

Bank clearings this week... \$643,671 Last year... 651,231

Opening of spring weather has given all lines of trade an impetus and local wholesalers report business showing some improvement over the same time last year. The reports of R. G. Dun & Co. for the country in general show an excellent condition in all lines of business, railroad earnings showing an 8 per cent increase over last year, and foreign trade shows a big gain for February.

Mrs. J. H. Fowler has closed a contract with Contractor Gus Lockwood for the erection of three two-story brick residences in the south side of Jefferson street between 11th and 12th.

CELLAR BAILED OUT AND BLOOD FOUND

More Excitement at Mayfield Over Murder Mystery.

Nothing Has Yet Been Learned to Establish the Dead Man's Identity, However.

HARD WORK TO BE RENEWED

Deputy U. S. Marshal George Saunders arrived from Mayfield this morning and reports remarkable developments in the murder mystery, the cellar of the Southern hotel having been bailed out and blood discovered on the walls, corroborating the statements of the negro who claimed to have seen a fight in a cellar and thinks one of the men was killed.

The Paducah negro who claimed to have seen a fight in a cellar failed to tell where the cellar was. He disappeared and could not be located afterwards, the last trace of him being secured in Paris, Tenn. The police at Mayfield thought it best to investigate the cellar and accordingly set about this morning to bail the water out, which was done.

Blood was found on the sides of the walls and on the floor and the theory that the man was murdered in the cellar, dressed up and then taken to the country and his throat cut to avert suspicion and make it appear suicide, has been strengthened.

The Mayfield officers will now begin an investigation and learn if possible details of the killing. Every effort will be made to arrest the negro who gave the first information.

The discoveries today have aroused more excitement at Mayfield. A number of good men are at work on the case, and with Marshal McNutt at the Mayfield end, and Chief Collins at this end, there is likely to soon be something definite.

A number of missing men were at various times thought to be the dead man, but each time what was supposed to be complete identification failed, the supposed dead man turning up somewhere.

The only motive known for the murder is that of robbery or revenge. The present theory is that the man was killed over a crap game in the cellar.

THE HOO HOOS.

Concatenation to Be Held This Evening in Paducah.

The annual concatenation of the Hoo Hoos will take place this evening, and a number of prominent members of the order are expected to see the fun, and fully a dozen victims are to be here for initiation. The work will be done at the Elks hall, and following it will be a banquet at the Palmer house. The Hoo Hoos comprise an order of lumbermen, foundrymen, newspaper men and there are forty or fifty members in Paducah.

Will Not Be Started Tomorrow.

The report that sleepers would be put on the Cairo trains and run through to St. Louis and Chicago and Chicago from Paducah effective tomorrow is erroneous as officials here have received no notice of the change and say it is not likely the change will be made for some little time yet because it will necessitate a new time card.

Ed Osborne, arrested several days ago for misappropriation of property at McKenzie, Tenn., has been released by the police here, having fixed up the case at home. The officers here received notice to let the prisoner go.

A NEW BUSINESS

A FULLY EQUIPPED GARAGE FOR AUTOMOBILES.

The Automobile and Garage Company is a New Institution For Paducah.

Paducah has a garage company. If you don't know what this is, ask your automobile enthusiast friends. It is a stable for automobiles. The modern garage takes care of your automobile, sends it to you whenever you want it, looks after keeping it in repairs and when you are out in the country with a broken-down vehicle, it sends out and brings you in. It is a great institution for the amateurs in automobilism, and they all are that.

Finis E. Lack, Lionel G. Rork and others have organized The Automobile and Garage Co., and for the present will keep machines at the Lack Singletree Co's. plant on South Third. They are agents for all the leading automobiles, do all sorts of repair work, and deal in supplies for automobiles. Today they had out one of their machines, the Queen, showing a number of people. It is the handsomest automobile yet seen in the city. It is a sixteen horse power, two cylinder, seating five passengers, side entrance to the rear seats, and finished off in handsome style. This machine was the sensation of the automobile shows in Chicago and New York this spring, nothing like it being shown for less than \$250 more than it is priced. It sells for \$1,000. The company is also agents for the Franklin and the Duryea, and will have these machines to show next week.

A New Illinois Judge.

Washington, Mar. 18.—The nomination of Kenesaw Landis, a brother of the Indiana congressman for the new eastern Illinois federal district judgeship, will be sent to the senate today.

NEW CANDIDATE

D. E. Wilson Announces With Strong Platform.

A SURE WINNER.

MY PLATFORM.

If nominated by the good people of McCracken county I promise to serve them to the best of my ability and fifteen years' experience in public life has taught me the qualifications of the office that I seek.

My books, etc., will be open to the examination and inspection of the general public every day except Sunday. No state inspector will be needed. I am a friend of labor. I have spent over \$100,000 for the products of labor and now have very little to show for it. What other candidate has done this well?

I am not as red-headed as some of the other candidates, but if it will bring me your support and influence I will grow a bunch of red hair in two weeks.

Other candidates spend their money in different ways to secure your support and influence, but I prefer to spend my good money in Printer's Ink to tell you about my claims.

I will give a receipt for every purchase made which will show the amount of cash you pay me. No mistakes here. If I am nominated in the race that I am making for trade supremacy in the book, music and stationery lines, I promise to look after the interests of my customers (and my own) by charging the smallest profit that the laws of trade demand.

I would like to shake the hand of every voter in the county and tell you about my claims, but if I don't see you before the primary you can find me at Harbour's Department Store.

Attention Farmers.

Having sold my interest in Powell-Rogers Co., I have purchased an interest with E. K. Bonds, corner Second and Washington Sts., and opened, in connection with the produce business, a complete line of Implements, Farm Machinery and Wagons, Machines and Binder Twine, in fact, everything that the farmer wants.

We also buy your produce and pay the best market price, and handle field seeds and seed oats.

Call and see me when in the city. I will endeavor to treat you in the future as I have done in the past.

Yours truly,

J. T. POWELL.

A dozen or more stewards stood ready at any moment to answer his beck and call. What he should eat was the care and concern of the chef and his large force of assistants. Three times a day a band played for his entertainment, and had he so chosen, he could have slept in a different room each night, and then had two dozen others to spare.

BROAD STREET TO BE SIXTY FEET WIDE

City Engineer Ordered to Establish the Line at Once.

Property Owners Will Have to Move Off the Street—City Engineer May Have Two Assistants.

OTHER MUNICIPAL MATTERS.

The board of public works held a meeting last night with the joint street committee of the general council, and decided to have City Engineer Washington immediately establish a line for Broad street, making the thoroughfare sixty feet wide instead of sixty-five.

At present the property owners have in some places built out into public ground, one front porch and several fences being on city property. All these will have to be moved when Engineer Washington runs his line and drives his stakes. This is the first step taken towards beginning the work of improving South Third street from Kentucky avenue to Broad, and around Broad to Fourth.

City Engineer Washington reported that he might be able to get the plans and specifications for the Third street work completed by the middle of the coming week, and if he does bids will be advertised for at once, and the contract let as soon as possible.

It is probable that the bitulithic material will be selected. An effort has been made in Paducah to prejudice officials against the bitumen, in the interest of brick streets, because there is a good graft in the latter and certain persons are trying to get in on the ground floor. Reports from St. Louis that the bituminous macadam was giving way and worthless, after a year's use have been freely circulated, but the bitulithic manufacturers have certificates from all the St. Louis officials and others there, that of the fifteen miles of bitulithic streets in St. Louis, all were in fine condition, except a small part of Chestnut street, which is giving way because the contractors built it in cold weather and in a hurry, to accommodate the city by finishing it before the world's fair opened.

The board of work has instructed City Engineer Washington to employ as much assistance as he deems necessary. The hustling engineer has more work than one man could possibly do, and in addition to the tedious and exacting work of drawing plans, profiles, specifications and such things, of streets to be paved, every figure of which has to be correct, he is expected to run storm water sewer lines, plan sanitary sewerage extensions, and then give the grades for new streets and alleys, as well as to exercise general supervision over the work of his department.

The board of works only today received a notice to give the grade for Nineteenth street, out in the Terrell

Stomach Heart Kidneys

Slaves of the Inside Nerves

Our lives, from moment to moment, depend on a set of tiny, delicate nerves, which are so small that fifteen hundred of them could lie side by side in an inch! Ten times more tender and sensitive than the pupil of the eye.

Yet, night and day, unguided and unseen, these little nerves must keep the stomach, the heart, the kidneys, in healthy action. For these organs have no power—no self control. The power is in the nerves. The nerves are the masters, the organs are their slaves. Understand first that we have two entirely separate nerve systems. When we walk, or talk, or act, we call into play a certain set of nerves—nerves which obey our mental commands. That is why the arm can be raised, or the mouth opened, or the eye shut, at his slightest desire. That is why your fingers can delicately pick up a pin one moment, and hold a heavy hammer the next.

But these are not the nerves we are to consider here. It is the inside nerves that manage and control these nerves. By no supreme effort of mind can you even make it vary by a single beat a minute. And so with the stomach and the liver and the kidneys and the bowels—they are automatic—they do their work at a certain set speed whether you want them to or not.

It is on these inside nerves that life and health depend. So long as these nerves perform their proper duties we are well and strong. When they fail, we know it by the inevitable symptoms—stomach, heart, liver, kidney troubles. Thus we find that most forms of illness are, after all, only symptoms of the real trouble—inside nerve trouble. For instance, indigestion, sour stomach, heartburn, dyspepsia and all stomach troubles—diabetes, Bright's disease and other kidney disorders—nervousness, liver troubles, bowels troubles, nervousness, fretfulness, sleeplessness, irritability—all of these ailments are due to this single cause. Painful, disagreeable to be treated as such. They are merely outward signs of inward trouble.

There are different centers and branches of this inside nerve system frequently called the sympathetic (Nervous System). But each branch is so closely connected with the others that a breakdown anywhere usually means breakdown everywhere. This explains why stomach trouble develops into heart trouble—why indigestion brings on nervousness—why

diseases become complicated. It explains, too, why ordinary medical treatments are wrong—why medicine so frequently fails.

For, despite the discoveries of science, the common remedies of the day are designed to treat the organ, not the nerve—the symptom instead of the cause.

Don't you, though you may not know medicine at all, see that this is wrong? That it is mere patchwork? That while the suffering organ is enjoying its temporary relief, the nerve that is really sick may be getting worse? Does this not explain to you

why relapse so frequently follows a supposed cure? Does this not account for the uncertainties of medicine? More than thirty years ago this thought came to me: If life and health depend upon perfect heart action, upon proper stomach digestion, upon correct kidney filtering, why does not the health depend upon these life governing, power nerves—these inside nerves?

I realized, too, that all ailments which result from one cause may, of course, be cured by one remedy. I resolved not to doctor the organs but to treat the one nerve system which operates them all.

For those who treat only the symptoms need a different remedy for each. Such treatments are only palliatives, the results do not last. A cure never comes in diseases of the stomach, heart, liver or kidneys, until the inside nerve power is restored. When that is done, Nature removes the symptoms. There is no need of doctoring them.

My remedy—now known by Druggists everywhere, as Dr. Shoop's Restorative—is the result of a quarter century of endeavor along this very line. It does not dose the organ or deaden the pain—but it does go at once to the nerve—the inside nerve—the power nerve—and builds it up, and strengthens it and makes it well.

There is no mystery—no miracle. I can explain my treatment to you as easily as I can tell you why cold freezes water and why heat melts ice. Nor do I claim a discovery. For every detail of my treatment is based on truths so fundamental that none can deny them. And every ingredient of my medicine is as old as the hills it grows on. I simply applied the truths and combined the ingredients into a remedy that is practically certain.

In more than a million homes my remedy is now known, and relied upon. Yet you may not have heard it. So I make this offer to you, a stranger, that every possible excuse for doubt may be removed. Send no money—make no promise—take no risk. Simply write and ask. If you have never tried my remedy, I will send you an order for your druggist for a full dollar standard bottle he keeps constantly on his shelves. The druggist will require no conditions. He will accept my order as cheerfully as though your dollar lay before him. He will send the bill to me.

Will you accept this opportunity to learn at my expense absolutely how to be rid forever of all forms of stomach, heart, kidney ailments—to be rid not only of the trouble, but of the very cause which produced it? Write today.

Additional, but the engineer cannot spare the time to give it.

It is very likely that two assistants will be employed to assist in the work until it is all complete. The present rush is only temporary, and when the work is disposed of, which ought to be in a few weeks, the assistants may be released.

Engineer Washington has no one in mind at present, for his assistants but is writing away to see if he can find suitable help.

The extension of the sanitary sewerage from Ninth street to Fountain avenue on Broadway has aroused a great deal of discussion since brought up in the Sun several days ago. The latest plan suggested is for the city to issue bonds and pay for the extension. There are various other plans suggested, but none of them is practicable. One is for the school board to pay all excess cost over \$1 a foot, which would bankrupt the board if it had any money and could legally spend it for that purpose. The charter, however, does not permit the school board to spend money for street improvements or sewers.

Another plan is to have the property owners pay the additional cost, although the law does not require them to pay more than \$1 a front foot, and for the Illinois Central to pay over a good lump sum to get the sewerage past its hospital. It is not believed this plan would work, for most of the property owners would probably object to paying more than the legal pro rata; at least some of them would certainly object, and the plan could not be successfully carried out unless all the

property owners agreed. Besides, it is not believed that the Illinois Central would contribute to the improvement, as it does not own the hospital. The institution is owned by the employees, and managed by a board of employees.

The other plan is for the city to pay additional cost, which it can't do, because it hasn't the wherewith. This leaves about the only other plan that of issuing bonds, and there seems to be a legal question about that.

The sanitary sewerage will be extended out Kentucky avenue from Second to Ninth streets. There has

been some doubt as to how far it would go, but a member of the street committee said today that at the joint conference with the board of works last night, it was decided to proceed to run the storm water sewers to Ninth street, and the engineer was instructed to draw the plans. Some people want the streets to be used as gutters, but the officials do not approve of this plan.

len Willis and Miss Clara Moore respectively.

Miss Anna Bird Stewart gave a delightful reading, and Miss Anna Larkin recited a scene from "The Deemster." Prof. W. H. Alexander, principal of the Jefferson building, presented some forcible thoughts on "The Place of Interest in the Curriculum."

The meeting was pronounced one of the best of the season.

Attractive Song-Cycle.

The song-cycle "In a Persian Garden," which was rendered on Thursday evening in the lecture room of 1st Christian church under direction of Prof. Harry Gilbert, was a musical event of interest. Those taking part were: Miss Blanche Buckner, Miss Mamie Dryfuss, Mr. Emmett Bagby and Mr. Robert Chastaine, and it was most effectively given.

Before the cycle a concert solo was given, Mr. Gilbert playing imitatively from Chopin and Mr. Bagby, Miss Dryfuss and Miss Buckner giving vocal selections. Miss Buckner sang Prof. Gilbert's new composition "Love Sonnet" very delightfully.

Crescendo Club.

A pleasant musical evening was enjoyed by the Crescendo club on Friday evening at the home of Miss Virginia Newell on North Seventh street. The recital was under the direction of Miss Caroline Ham and "Wedding Music" was the theme. The music was played by Miss Ham. Miss Ella Wilhelm gave a sketch of the opera "Lohengrin" and Miss Julia Dabney of "Midsummer's Night Dream." And a duet was played by Miss Ham and Miss Mary Louise Roberts.

Entre Nous Club.

Miss Marjorie Bagby entertained a limited number of the Entre Nous club and a few visitors very delightfully on Thursday afternoon at her home on Broadway. There were three tables at cards. The first prize was won by Miss Clara Thompson. The booby prize was awarded to Miss May Owen, this was a doll dressed as a red heart, and the tallies were hung from it by gay ribbons at the beginning of the game.

A pretty course-luncheon was served at the close of the game.

Birthday Party.

Little Miss Dora Love celebrated her eighth birthday with a pretty party on Tuesday evening at the home of her parents. Mr. and Mrs. Edward Love, at Fifth and Adams streets. Quite a number of young guests were present and the hours were most enjoyably spent. A delightful lunch was served at 2:30. The little hostess was remembered with a number of pretty gifts.

Follencela Club.

Mrs. C. L. Faust was hostess to the Follencela club on Tuesday afternoon at her apartments in the Moore flats on Clay street. It was a very delightful affair, the feature being a clever literary guessing contest. The prize, a pretty Japanese

admirers of Mr. Gilbert throughout the city.

Week-End House Party.

Dr. Richard Walker, and sisters, Miss Mary Walker and Miss Evelyn Walker, are entertaining a week-end party of friends from Dyersburg, Tenn., at their attractive home on Broadway. Mr. and Mrs. Walter Draper, Jr., Miss Maude Atkins and Miss Mary Luscomb, are the guests and are pleasantly known to many Paducah people.

Mrs. Flournoy at Home.

Mrs. George Flournoy's charming "Friday afternoons" with the musicians are becoming more than ever popular during the Lenten days. Mrs. Flournoy is at home informally to all her friends on Friday afternoons at her home on North Seventh street, and over the Russian Samcovar very clever little discussions interspersed with musical selections are enjoyed. Madame Chaminade, the French composer, was the theme for yesterday and selections from her work was rendered. Tact, talent, and tea make these little afternoons quite delightful social features.

Betrothal Reception.

The engagement of Miss Henrietta Swope and Mr. Marcus Solomon was announced this week with a reception at the Swope home on Washington street on Tuesday evening from 8 to 10 o'clock.

The reception was a very delightful affair and was attended by a large number of friends of the popular couple. An elaborate supper was served with wine. Dancing followed the reception.

Miss Swope is the attractive daughter of Mr. and Mrs. M. Swope. Mr. Solomon is a popular merchant tailor of South Third street. Both are prominent in Jewish social circles.

The date of the wedding has not been set.

Teachers' Meeting.

The teachers of the city schools held an interesting meeting at the Washington building on Friday afternoon. It was in charge of Prof. E. G. Payne, principal of the High school, and "German Educators" was the subject. Strong and thoughtful papers on "Pestalozzi," "The Pedagogical Value of Pestalozzi's Teaching," "The Kindergarten of Froebel," and "The Teachings of Herbart" were read by Miss Kate White, Miss Mary Gray Cummins, Miss El-

SPRING CLOTHES.

Oh, there's nothing new under the sun.

In rapture, in rhyming or reason, That poet and song have not done Exalting the beautiful season.

The crocus, the wind's caress, The branch, and the nesting upon it,

While I resurrect my last year's dress, And remodel my last year's bonnet.

Oh, the winter comes and it goes, Spring wakes with its beauty and passion;

If nature would only make over old clothes And renovate them into fashion. —Judge.

In the Spring.

Notwithstanding that Society is doing Lenten penance most vigorously, it is hard to realize that it is just the beginning and not nearing the end of the season. Perhaps, the weather is responsible for this, we are more used to Lent in midwinter, and there does seem an especial fitness in the drear grey days being the Lenten ones; these bright warm ones are more suggestive of Easter, and flowers, and—spring clothes.

The very touch of spring in the air gives one an irresponsible feeling that is hopelessly frivolous and altogether mundane, and that is hardly in accord with the quiet and solemnity of the Lenten season. Peep in on my Lady, now that she is not even entertaining informally, and you will find her "only books" are Fashion's books, and her pretty head filled with costumes galore, and that is not as it is wont to be on the very threshold of Lent, as it were. Yes, it is the weather undoubtedly, and old Omar was just being world-wise—or maybe he had a long, cold winter behind him—when he put it thus:

"Come, fill the Cup, and in the fire of Spring Your Winter-garments of Repentance fling."

The Bird of Time has but a little way To fly—and lo, the Bird is on the wing."

Wagner Concert.

A feature of interest for the coming week is the "Wagner Concert" to be given by Deal's Orchestral Band at the Y. M. C. A. gymnasium hall on Tuesday evening, under the auspices of the woman's committee of the association.

The program will be exclusively Wagnerian, and "Parsifal" will be especially stressed. This popular band has caught the spirit of the great composer's masterpieces and will give them sympathetic interpretation.

Mr. Deal is a student of music and in conjunction with the program will give some thoughts on the selections rendered and on Wagner and his music in general.

Organ Recital.

Prof. Harry Gilbert will give an informal organ recital on Wednesday afternoon from 5 to 6 o'clock at the First Christian church, that is open to all lovers of music.

This is the first of a series of recitals that Mr. Gilbert is arranging to give during the spring, and will be a feature of pleasure to the many

Gentlemen!—A couple of years ago while experimenting through the South, I found that by spending part of my time in marshy neighborhoods filled with miasma, my entire system was being slowly poisoned. I had chills and fever, ached all over, lost appetite and sleep. The doctors told me that I had malaria, and quinine was prescribed. I took it for two weeks and as I kept getting worse decided to change treatment. I spoke to a friend about my condition. He said that he had some of Dr. Caldwell's (Laxative) Syrup Pepsin that he wished I would try. I used it for three days and felt better, and sent for six bottles and used them while in camp. It acted like magic in driving the poison out of my system, cleansed my blood, restored my appetite, and I am now in perfect health. I keep it on hand and find that an occasional dose keeps me well.

Very truly yours,

Daily Thought.

"Blessed is the man who has found his work."

The Weather.

Showers and probably thunder storms tonight and Sunday, with cooler weather Sunday afternoon.

OUR ICE HARBOR ALL RIGHT.

A great deal of injury is being done to Paducah through silly reports and publications about our ice harbor being damaged or threatened by the disintegration of Livingston Point.

Steamboats are now brought all the way from Davenport, Ia., to spend the winter here, and the money spent by their owners for stores and repairs amounts to many thousands of dollars a year. We don't want to lose them. We don't want any non-resident boat owners who may not know how utterly without foundation these reports are to become frightened and through misapprehension arrange to quarter their boats elsewhere.

Therefore, be it known that Paducah's ice harbor is not affected by Livingston Point's washing away. It would not be damaged if the whole Point were swallowed up by the Ohio. The ice harbor proper is up in the mouth of the Tennessee river. Livingston Point is on the Ohio river, and has nothing to do with our ice harbor.

These yarns about Livingston Point are started periodically every few years, and have even so preyed on popular credulity at times that congress has been appealed to to save our harbor, when in reality it has never been in danger. The ice harbor argument is invariably used to alarm the public which, generally speaking, knows little about the ice harbor, and to frighten the people into assisting in getting something done to the Point, whatever it is wanted done, and whatever its object.

It is not known whether this threadbare fiction is rehearsed to fill up space in some of our papers, or whether persons with certain interests to further are simply "working" the papers. But whatever the object, Paducah's ice harbor is intact and will remain so no matter what happens to Livingston's Point.

The only damage that the disintegration of Livingston Point could do to Paducah would be to let the current into Tennessee river so it would come stronger by at the head of the island, and when the ice is heavy, bring some of it into Tennessee river, as was the case the past winter, around in the harbor proper—not the "ice harbor." This ice, if heavy enough, might do damage at the wharf here, but it is hardly possible that enough of it could ever get through the chute to do any harm.

As to the ice harbor, however, it is all right. Let it remain so, and

don't frighten boat owners so they will no longer come here to lay up for the winter.

EXTENDING THE SEWERAGE.

It is very kind to suggest that the school board pay the excess cost of extending sanitary sewerage to the High school. The only omission is an explanation of where the school board is to get the money.

The total assessment in Paducah has increased very little during the past several years. The amount of taxes collected has accordingly increased very little, but the schools have increased very rapidly. There is a growing demand for more teachers and more schools, while the revenue derived by the schools from the city has decreased, because formerly the schools could demand fifty cents on the \$100, while now under the second-class charter, they can get but thirty-five cents on the \$100. This makes it difficult to provide the high grade of schools desired, and the proposition to use school funds to extend sanitary sewerage on Broadway is entirely out of the question, even if it were legal, which it would not be.

The sewerage could be extended by the city paying the excess in cost, but the city claims it has no money. The extension is certainly needed. Not only is it necessary for the health of the children of the school, but for the hundreds of residents on Broadway from Ninth street out, as well.

The gubernatorial contest in Colorado has been settled, and the democrats lost. Of course there will be people to say that the case is similar to the Taylor-Goebel contest in Kentucky except that the latter was decided in favor of the democrat,—but they will all be persons who do not understand the two cases. In Kentucky there was no fraud on part of the republicans, and none was shown. It would have been impossible for republicans to commit any act of fraud, because of the Goebel law. In Colorado the worst possible frauds were clearly proven. Not only the most flagrant frauds, but frauds of gigantic proportions as well, and all but a few minor cases were acts of the democrats. The Colorado contest seems to have been settled in favor of the man who would have won on the face of the returns but for the frauds perpetrated by the democrats.

The democratic county chairman's statement about the republicans raising the point of democratic commitment's not having been sworn in was a nice, graceful way to back out. But as a matter of fact the republicans didn't raise the point, and don't care whether the commitment were sworn in or not, or whether the democrats have a committee or not. If the point had been raised by the republicans, however, it would evidently have been good, as the democratic committee took the trouble to meet, have the members sworn in, and to give a semblance of regularity to its previous action by "ratifying" it. If the commitment did not have to be sworn in, why have done it at this late date? If they did have to be sworn in, what right did they have several weeks ago to call a primary?

The republican council seven or eight years ago was censured and ridiculed for buying a steam roller. Now the democrats have bought one. The main difference is that the republicans are just about eight years ahead of the democrats in progress and enterprise.

The general public demands speedy action in the city hospital affair. The city can generally obtain money when city officials want it, and it can get money to furnish the hospital if they will exert themselves.

When we get municipal ownership we can buy the waterworks, the

LESSONS IN BANKING NO. 7.

The only way to keep from spending money is to put it where you can't get it. At least where you can't get it without some trouble.

The reason young men spend more money, than they probably should, and do not save as much as they might, is because they attempt to make their pockets perform the functions of a bank. To have money on hand always will almost invariably result in spending more money than is necessary.

If the young man with a fairly good income opened an account with this bank, and deposit his salary here, then pay his bills with checks, he would soon find a surplus to his credit. Its the having money on hand that makes such a temptation to spend. Once the account is started his interest in it would prevent him spending money recklessly.

Mechanicsburg Real Estate Agency.

For the better care of its real estate interests in the Mechanicsburg part of Paducah and to make the business easier for its patrons and for the development of new business the Edgar W. Whittemore Real Estate Agency has established a branch office at No. 1715 Meyers street with Mr. J. D. O'Brien in charge. Mr. O'Brien is a reliable and trustworthy man and any business given him will be looked after as faithfully and receive as careful attention as could be done at the Broadway office. Any one having real estate to sell or any one desiring to buy Mechanicsburg, Benton road or Tyler real estate, would do well to consult with Mr. O'Brien. The branch office will be open at night. I also thank you for the many courtesies extended me and my family.

Very truly,

IN THE COURTS

No Warrants to Be Issued.

Chief of Police James Collins stated today that no warrants would be issued against persons on the North Side for concealing the birth and burial of prematurely born child. The case was worked up by Detective Moore who turned the matter over to Coroner Crow. After a thorough investigation, the coroner did not think it worth while to secure warrants.

Newspaper Sued for Libel.

A suit for \$10,000 damages against the Register Newspaper Co., of Paducah, and James E. Wilhelm, editor, has been filed at Smithland, Livingston county by Attorney J. M. Worten, of Paducah, for Sam Stone. The plaintiff Stone alleges in his suit that on August 30 last the paper in question published an article about him reflecting on "his character, which article, he alleges, was false. Stone recently filed a suit for \$5,000 damages against J. M. Melan, formerly editor of the Paducah News-Democrat, for alleged libel growing out of the same incident, but the trial of the case resulted in a hung jury. It seems Stone, who was innocent of anything, was arrested here and taken to some little town above for some offense, and proved to be the wrong man.

Overruled Exceptions.

Judge Walter Evans has overruled exceptions to an amended libel filed in the case of the Paducah Marine Ways Co. against the steamer Chattanooga. The attorney for the plaintiff wanted to reach the Greenview Insurance Co. and Insurance company of America, both companies having policies on the boat, and the amended libel or petition was the only means. When it was filed the insurance companies, filed exceptions and the court overruled them.

Suit on Policy.

Mrs. Emma Allison has filed a suit in circuit court here against the Fidelity Mutual Insurance Co., for \$5,000 on a policy on her late husband's life.

Transferred Lease.

B. Weille & Sons have transferred to B. Weille & Sons, Incorporated, the sixty year lease the former holds on the property on which the addition to their handsome store was recently built. This ground is held by the Messrs. Weille for sixty years and the transfer off lease is only a formality made necessary by the incorporation of the concern.

Suits Filed.

Bernard Krooss sues Tobias Steger for \$500 on note.

Clayton Krug against the Paducah City Railway, for \$5,000 damages, for the loss of several toes mashed off under a car at Wallace park last summer.

The County Assessment.

The recapitulation of the county tax books will be completed this afternoon late and will show about \$10,000,000 assessable property in the county. This is less than last year, because a lot of money was cut off from the banks and goes to the state at Frankfort under a new law. The assessment last year showed a total of \$10,500,598 and this year's assessment, if the bank money was counted, as it was last year, would go a little ahead of 1904.

CATARRH THE MOST DANGEROUS OF ALL CHRONIC DISEASES.

"Pe-ru-na is a Blessing to Those Troubled With Catarrh," Says United States Senator Corbin.

Colds Not Promptly Cured Are Sure to Cause Catarrh.

Catarrh Improperly Treated is Sure to Make Life Short and Miserable.

Many Wonderful Cures Are Made by Pe-ru-na.

CATARRH spares no organ or function of the body. It is capable of destroying sight, taste, smell, hearing, digestion, secretion, assimilation and

Gentlemen—"The use of Pe-ru-na has been a blessing to those troubled with catarrh. So many of my acquaintances have been cured and benefited by its use that its curative qualities should be generally known. I do not hesitate to recommend it as the best remedy yet discovered for that disease."—D. Y. Corbin, 916 Chicago Opera House, Chicago, Ill.

excretion. It pervades every part of the human body.

Pe-ru-na also cures bronchitis, coughs, and consumption in the first stages with unfailing certainty.

Hon. D. Y. Corbin, is ex-United States Senator and cousin of Adjutant General Corbin of the United States Army. Judge Corbin is one of the best known lawyers in Chicago and stands high professionally and socially. The above endorsement coming from such a man

cannot help but add weight and importance to the thousands of testimonials from the humbler walks of life.

Catarrh is the cause of at least one-half of the ills to which the human family is subject. Is there no way to escape from it? There is.

Pe-ru-na never fails to cure a cold. Pe-ru-na never fails to cure catarrh in the first stage. Pe-ru-na cures catarrh in the second stage, nine cases out of ten. Pe-ru-na cures catarrh in its last and worst stages in the majority of cases, and never fails to benefit every case, however bad.

A book on the cure of throat and lung diseases, and catarrh in all stages and varieties, sent free to any address by The Pe-ru-na Medicine Co., Columbus, O.

"My Life Hung by a Mere Thread, Pe-ru-na Cured Me."

Mrs. Sarah Smart, 276 Hayward St., Brooklyn, N. Y., writes:

"I can't tell in words how low I was. My life hung by a mere thread. I was waiting for months to die.

"My trouble was consumption or bronchitis. I suffered no pain when I was low, but coughing and breathing kept sapping what little strength I had. I could not eat, sleep or even lean back on a chair. I was a mere skeleton. I said to my husband, 'I can't last much longer.' My neighbors say they do not know how I ever recovered. It was almost a miracle.

"I took your medicine but three months, when I could do my housework and washing, and have been doing it ever since. Now I am able to do anything. You would never think I had been troubled with such a serious illness. I shall always keep your medicine in my house."—Mrs. Sarah Smart.

Despaired of Recovery.

Mrs. R. L. Aulich, Vice President American Genealogical Association, 604 H street, N. W., Washington, D. C., writes:

"I know whereof I speak when I say that Pe-ru-na is a wonderful remedy for colds and catarrhal trouble. Last fall I was very much debilitated from the effect of a cold contracted early in the summer and which I neglected. I knew that my system was in need of medicine and rest, but to find the right thing was the problem. Happily I gave Pe-ru-na a trial first and have no reason to complain of the results. Within a month I had entirely recovered my strength and good health and really felt better and stronger than before."—Mrs. R. L. Aulich.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

FEATURES OF SUNDAY SERVICES

Cumberland Presbyterian.
Rev. R. P. Hicks, of Virginia, Ill., will arrive March 26 to preach on trial morning and evening at the First Cumberland Presbyterian church on Sixth and Kentucky avenue. Tomorrow morning at the usual hour Sunday school services will be held at the church and the Christian Endeavor ceremonies at evening.

First Baptist.
Rev. G. M. McNeilly, of near Russellville, will preach tomorrow morning and night at the First Baptist church. Rev. Cheek does not come until the second Sunday in April.

Trimble Street Methodist.
Tomorrow morning at the Trimble street Methodist church Rev. W. W. Armstrong will preach on "Home Religion." The evening subject will be announced at the morning hour. At both services Mrs. Horatio Reed will sing.

Third Street Methodist.
Rev. Peter Fields, of the Third street church, has recovered from a ten days' illness and will fill his pulpit tomorrow morning and evening.

North Twelfth Mission.
Sunday school services will be conducted at 3 o'clock tomorrow afternoon at the North 12th street Baptist Mission by Supt. Harry Lukins.

Second Baptist.
Rev. E. H. Cunningham fills the pulpit morning and evening tomorrow at the Second Baptist church.

First Presbyterian.
Rev. W. E. Cave preaches morning and night tomorrow at the First Presbyterian church.

No Rabbi Called.
The official board of Temple Israel has not yet extended a call to Rabbi Ralsin who was here last week and preached several times. It will probably hear other rabbis.

German Evangelical.
"The Mother's Wish" is the subject for tomorrow morning's service at the German Evangelical church on South Fifth street by Rev. W. R. Bourquin. At the usual hour in the evening the pastor preaches on "The Better Land." Both services will be conducted in English. Sunday school will be held at the regular hour.

Two Weeks' Revival.
A revival will begin at the First Christian church tomorrow morning and continue at least two weeks.

Mr. and Mrs. P. M. Kendall, of Columbus, Ind., will assist Rev. Pinkerton. Mrs. Kendall will work with the children. Mr. Kendall will have charge of the introductory services.

THE SIMPLE LIFE.

Ways That Are Pleasant and Paths That Are Peace.

It is the simple life that gives length of days, serenity of mind and body and tranquility of soul. Simple hopes and ambitions, bounded by the desire to do good to one's neighbors, simple pleasures, habits, food and drink.

Men die long before their time because they try to crowd too much into their experiences—they climb too high and fall too hard. A wise woman writes of the good that a simple diet has done her:

"I have been using Grape-Nuts for about six months. I began rather sparingly, until I acquired such a liking for it that for the last three months I have depended upon it almost entirely for my diet, eating nothing else whatever, but Grape-Nuts for breakfast and supper, and I believe I could eat it for dinner with fruit and be satisfied without other food, and feel much better and have more strength to do my household work."

"When I began the use of Grape-Nuts I was thin and weak, my muscles were so soft that I was not able to do any work. I weighed only 105 pounds. Nothing that I ate did me any good. I was going down hill rapidly, was nervous and miserable with no ambition for anything. My condition improved rapidly after I began to eat Grape-Nuts food. It made me feel like a new woman; my muscles got solid, my figure rounded out, my weight increased to 126 pounds in a few weeks, my nerves grew steady and my mind better and clearer. My friends tell me they haven't seen me look so well for years."

"I consider Grape-Nuts the best food on the market, and shall never go back to meats and white bread again." Name given by Postum Co., Battle Creek, Mich.

There's a reason.
Look in each pkg. for the little book, "The Road to Wellville."

will organize choir and is also a preacher.

Mr. Kendall has a fine stereopticon and each evening will give an illustrated song service. Mr. Pinkerton will do the preaching. His theme in the morning will be "The First Protracted Meeting." At 7:30 p. m. "The Supremacy of Christianity."

Tenth Street Christian.
Rev. B. W. Bass, of the Tenth Street Christian church, will tomorrow morning preach on the subject of "Launch Out in the Deep," while at night he speaks on "Our Example."

German Lutheran.
Tomorrow morning at 9 o'clock Sunday school services will be held at the German Lutheran church on South Fourth street, at 10 o'clock Rev. Ilten preaches in German. In the evening he speaks in English, his subject, "Faith in the Hour of Trial." Next Wednesday evening at 7:30 o'clock Lenten worship will be conducted in English.

Grace Church.
Holy communion will be held tomorrow morning at 7:30 o'clock by Rector David Wright at Grace Episcopal church. At the morning hour he preaches on "Profanity, the Unpardonable Sin," while in the evening his theme will be "Shall It Be Sunday or the Sabbath."

Y. M. C. A. NOTES.

The all-day membership canvass of the Y. M. C. A. workers on yesterday was a very successful one, and fully one hundred new members were secured for the association. It was the first one ever held here, but General Secretary Godfrey who has taken part in various ones, pronounces it one of the most successful he had ever seen. Especial attention was paid to the railroad shops and the factories and many members were secured from these. The work will continue through today to round up the week, and it is hoped to greatly augment the number.

The basket ball teams of the association held an exciting game last night in the gymnasium hall. These teams are under the captaincy of Harry Singleton and Norvin Allen, and the former was victorious by a score of 18 to 11.

The big gymnasium exhibition that is being arranged for the night of the 28th, is occupying much of the time and attention of the gymnasium committee and the athletes who are in training for the event. It will draw a large crowd as Paducah has many athletic devotees of both sexes.

The usual informal religious service will be held tomorrow afternoon at 3 at the association building under the direction of General Secretary Godfrey.

Broadway Methodist.
The regular services will be held morning and evening with the Rev. T. J. Newell, D. D., the pastor, in the pulpit.

Police Court.
John and Ellen Griffin, colored, who run a boarding house at Second and Clark streets, were fined \$100 and costs each this morning in police court for concealing a case of smallpox.

Judge Sanders on account of the woman's condition, she being badly crippled, did not enforce the fine on her but suspended it until further notice.

Gene Scott, a little negro nine years of age, who has often been before the court for various crimes, was ordered taken to the reform school. He broke into Mrs. Carter's house on North Eighth street yesterday along with Charles Casey, who was held over to the grand jury. Luther homas, the third negro, was dismissed.

No one has yet been appointed to take the Scott boy to the reform school, but will be tonight and the boy taken immediately.

Other cases: Tom Layton and John McCarty, breach of peace, \$5 and costs; Bert Mixwell, disorderly conduct, \$5 and costs.

Wanted in Cairo.

Fred Edmunds, white, was arrested last night and this morning taken to Cairo to stand trial for grand larceny. The Cairo authorities located him here and telephoned the Paducah officers, who soon had Edmunds under lock and key. An officer arrived this morning and took the prisoner back. He is alleged to have stolen money.

Capt. J. E. Williamson, of North Sixth street, who had a hard chill yesterday and relapse into la grippe, is better today. He had been out for a day or two and was nearly well until yesterday.

Miss Laura Anderson, of Arcadia, will leave soon for Platte City, Mo., to visit her uncle, Mr. Ed Anderson, formerly of this place.

THE VALUE OF CHARCOAL.

Few People Know How Useful it is
Preserving Health and
Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after onions and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth and further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered Willow charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary, great benefit.

A Buffalo physician in speaking of the benefits of charcoal, says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the breath, mouth and throat; I also believe the liver is greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe I get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets."

BASEBALL DOPE.

Manager Harry Lloyd will Monday take full charge of the Paducah ball club management and begin working the players. Two sections of the new grand stand are now up and the remainder will be placed in position as rapidly as possible.

Manager Finn, of Toledo, sent out notices to the players ordering them to report at Paducah, Ky., not later than March 24. The players from the south and west will go direct to Paducah, and those from the east and north will meet in Cincinnati on March 22.

Dummy Hughes, first baseman for the Cairo team, has been engaged to coach the deaf mute school team at Danville. He will work with the noiseless players until the middle of next month and then report to Cairo.

Vincennes at last acknowledges that "Angie" Marrie has not signed a contract to play there. Smeltz, the third sacker of last season, has refused to sign because he refused to see an increase in his monthly stipend.

Pat Downing, who wore the wind pad for Henderson last year, and Doutelle, who was with Vincennes last season, have signed with Cedar Rapids, Ia.

Cairo and Paducah openly announce that they will violate the salary limit rule. When all the money is paid out for players the owners in those two towns will wish they had listened to some other people who know a little something about baseball.—Vincennes Commercial.

There is some doubt as to where Hans Wagner will play this season. Pittsburg's celebrated shortstop has not reported at Hot Springs for practice with his team. Wagner had a row with Dreyfuss over the reduction in salary which was handed him this year. He has also received liberal offers from several minor leagues—better offers, in fact than that made by Dreyfuss—and it is feared that he will accept one of them, in spite of the fact that he has signed to play with Pittsburg. Wagner is at home, in Carnegie, and will not talk.

The first baseball game of the season to be played in Paducah will be played tomorrow afternoon at Wallace park grounds, if the weather is favorable. The Professionals, a team composed of professional players now in Paducah, and the Famous, a local amateur team of I. C. machinists, will play. The amateur team will have one professional, Petit to catch, the regular catcher not being here. It was originally intended that the game be played at the I. C. shop grounds, but was changed on account of complaint from residents.

Mr. Al Redmon, manager of the 1905 team, announced his lineup, and has one of the strongest teams in the city. The lineup: Eddie Brahm, c; L. Diuguid, p; H. Pieper, p; G. Ripley, r f and p; B. Hays, 1 b; F. Dargal, 2 b; F. Andrecht, 3 b; L. Davis, s s; F. English, 1 f; E. Vincent, c f and Theobald, extra. The team is ready to meet any amateur team in the city or in Princeton or Metropolis.

It has not yet been decided whether or not Hopkinsville will have a ball team this season. A number of enterprising fans are hard at work, however, and it is believed will succeed in getting the proper subscription.

MAY 10

The Big Guns Will Start From Pittsburg to Cairo.

The congressional trip from Pittsburg to Cairo will be made in daylight, and the start from Pittsburg will be about May 19. The steamer Queen City, of the Pittsburg and Cincinnati Packet line, will be used. Capt. James A. Henderson will make arrangements to accommodate 100 persons. Col. John L. Vance, president of the Ohio Valley Improvement Association, has completed arrangements.

Civil Service Examinations. Mr. Fred Ashton, civil service examiner, has received orders to hold more examinations.

An examination for field assistant, department of agriculture, has been ordered for the 26th and 27th of April.

An examination for bookkeeper, departmental service, has been ordered for the 26th of April and for inspector of clothing for the same day, April 26.

The Wings of the Morning

By LOUIS TRACY
Copyright, 1903, by Edward J. Clode

Iris was now looking at him intently. "You saved my life," she repeated slowly. It seemed that this obvious fact needed to be indelibly established in her mind. Indeed the girl was overwrought by all that she had gone through. Only by degrees were her thoughts marshaling themselves with lucid coherence. As yet she recalled so many dramatic incidents that they failed to assume due proportion.

But quickly there came memories of Captain Ross, of Sir John and Lady Tozer, of the doctor, her maid, the hundred and one individualities of her pleasant life aboard ship. Could it be that they were all dead? The notion was monstrous. But its ghastly significance was instantly borne in upon her by the plight in which she stood. Her lips quivered; the tears trembled in her eyes.

"Is it really true that all the ship's company except ourselves are lost?" she brokenly demanded.

The sailor's gravely earnest glance fell before hers. "Unhappily there is no room for doubt," he said.

"Are you quite, quite sure?"

"I am sure—of some." Involuntarily he turned away.

She understood him. She sank to her knees, covered her face with her hands and broke into a passion of weeping. With a look of infinite pity he stooped and would have touched her shoulder, but he suddenly restrained the impulse. Something had hardened this man. It cost him an effort to be calm, but he succeeded. His mouth tightened, and his expression lost its tenderness.

"Come, come, my dear lady," he exclaimed, and there was a tinge of studied roughness in his voice, "you must calm yourself. It is the fortune of shipwreck as well as of war, you know. We are alive and must look after ourselves. Those who have gone are beyond our help."

"But not beyond our sympathy," wailed Iris, uncovering her swimming eyes for a fleeting look at him. Even in the utter desolation of the moment she could not help marveling that this queer mannered sailor, who spoke like a gentleman and tried to pose as her inferior, who had rescued her with the utmost gallantry, who carried his quick eye to the point of first supplying her needs when he was in far worse case himself, should be so utterly indifferent to the fate of others.

He waited silently until her sobs ceased. "Now, madam," he said, "it is essential that we should obtain some food. I don't wish to leave you alone until we are better acquainted with our whereabouts. Can you walk a little way toward the trees, or shall I assist you?"

Iris immediately stood up. She pressed her hair back defiantly.

"Certainly I can walk," she answered. "What do you propose to do?"

"Well, madam—"

"What is your name?" she interrupted imperiously.

"Jenks, madam. Robert Jenks."

"Thank you. Now listen, Mr. Robert Jenks. My name is Miss Iris Deane. On board ship I was a passenger and you were a steward—that is, until you became a seaman. Here we are equals in misfortune, but in all else you are the leader. I am quite useless. I can only help in matters by your direction."

They plodded together through the sand in silence. Physically they were a superb couple, but in manner they resembled scarecrows. Both, of course, were bareheaded. The sailor's jersey and trousers were old and torn, and the sea water still soughed loudly in his heavy boots with each step.

But Iris was in a deplorable plight. Her hair fell in a great wave of gold on brown strands over her neck and shoulders. Every hairpin had vanished, she coiled the flying tresses into a loose knot. Her beautiful muslin dress was rent and dragged. It was drying rapidly under the ever increasing power of the sun, and she surreptitiously endeavored to complete the fastening of the open portion about her neck.

Suddenly he gave a glad shout. "By Jove, Miss Deane, we are in luck's way! There is a fine plantain tree."

The pangs of hunger could not be resisted. Although the fruit was hardly ripe, they tore at the great bunches and ate ravenously. Iris made no pretense in the matter, and the sailor was in worse plight, for he had been on duty continuously since 4 o'clock the previous afternoon.

At last their appetite was somewhat appeased, though plantains might not appeal to a gourmand as the solitary joint.

"Now," decided Jenks, "you must rest here a little while, Miss Deane. I'm going back to the beach. You need not be afraid. There are no animals to harm you, and I will not be far away."

"What are you going to do on the beach?" she demanded.

"To rescue stores, for the most part."

"May I not come with you? I can be of some little service surely?"

He answered slowly: "Please oblige me by remaining here at present. In less than an hour I will return, and then perhaps you will find plenty to do."

She read his meaning intuitively and shivered. "I could not do that," she murmured. "I would faint. While you are away I will pray for them, my unfortunate friends."

As he passed from her side he heard her sobbing quietly.

When he reached the lagoon he halted suddenly. Something startled him. He was quite certain that he had counted fourteen corpses. Now there were only twelve. The two Lascars' bodies which rested on the small group of rocks on the verge of the lagoon had vanished.

Where had they gone?

DIDN'T SINK.

The W. W. O'Neil Wasn't Even Damaged.
The big combine towboat W. W. O'Neil did not sink at Henderson yesterday, as stated in a dispatch to the News-Democrat. She was not even damaged.

In going under the bridge a part of her tow struck a pier and three barges of coal were sunk. The steamer was not hurt, and proceeded on down, passing here last night. The Joe Fowler was only a short distance behind the O'Neil when the accident occurred, and her officers witnessed it.

KENTUCKY NEWS TOLD IN PARAGRAPHS

Eloped to Golconda.
Marion, Ky., Mar. 18.—A message from Joy announces the marriage of Claudie May Chittenden to J. S. D. Chittenden at Golconda, Ill. The contracting parties, anticipating parental objections, their fathers being half brothers, crossed the river at Golconda.

County Judge Lost.
Madisonville, Ky., Mar. 18.—Judge J. F. Gordon handed down a written decision in a suit brought by County Judge R. B. Bradley against former County Judge C. C. Givens, to recover \$431.25 allowed for clerk hire for the county judge's office during the time Judge Givens was acting as supervisor of the new system of roads established in 1902. He sustains defendant's special demurrer on the point that the county judge had no right to bring the suit the fiscal court having refused to bring it. The plaintiff will probably take an appeal.

Prohibitionist Indicted.
Campton, Ky., Mar. 18.—G. H. Fulks, prohibition candidate for representative of this, the Ninety-first legislative district, was at the last term of the circuit court of this county indicted in two cases, on the charge of selling liquor without a license. Fulks at one time was county chairman of the prohibition party of Powell county.

RIVER NEWS

The gauge today is 33.6, the same as yesterday. This means that the present rise is over and the river will soon be falling.

The Joe Fowler left today at 10 a. m. for Evansville. The Hopkins will be here tomorrow and leave Monday in the Fowler's place, the two boats exchanging places temporarily.

The Victor passed down with ties from Florence, Ala., to Joppa, Ill. The Kentucky leaves this evening at 6 for Tennessee.

The Thomas left Louisville yesterday for New Orleans with Cal Blatzler and Hen Lindenbarn pilots.

The Harry and Alice Brown are coming from Pittsburg with tows of coal and both go south. Robert Houlden and Jim White go south pilots on the Alice Brown, and Tom Martin and Dan Kane on the Harry Brown.

The Boaz is on her way down with a tow bound for New Orleans.

George W. Ryan, aged ninety-one, died at Indianapolis a few days ago. He was a native of Cincinnati, O., and for many years was engaged in the Ohio river steamboat trade. He was one of the oldest Methodists in the country, having been a member of the church for eighty years. He was married seventy-one years, and his wife survives him.

The J. B. Richardson is due to arrive tomorrow from Nashville and leaves for Clarksville Monday. The Charleston is due from Tennessee river.

The river is higher up the levee now than it has been for many a day.

All the coal is out of Pittsburg now and it will be sometime before there is another shipment south.

The Dick Fowler had a good trip for Cairo this morning.

The Linehan is expected late this afternoon from up the river, with nine barges, the largest tow ever attempted on the Cumberland river. On the barges will be over 2,000,000 feet of timber, composing lumber and staves. The greater portion of the freight is made up of the former, but there are several hundred thousand staves.—Nashville Banner.

Bock Beer Soon.
Paducah's "crop" of Bock beer will be gathered in April 1, two weeks from today. All the various breweries will put the brew on tap the same day. Bock is now on sale in many cities.

Mr. and Mrs. Pillow will visit the groom's parents at Russellville, and will be at home to their many friends in Central City after April 1.

Coal Oil Tank Unharmed.

Cadiz, Ky., Mar. 18.—A rather singular thing has just been discovered here in connection with the recent disastrous fire. In removing the debris from the grounds where Alexander Bros. & Sanders' grocery stood, a coal oil tank, containing forty or fifty gallons of oil, along with several other small articles, was found intact. The ceiling above this part of the house fell, one side of it caught against the wall in such a manner as to form a kind of cover to these articles, which, protected them from the mass of falling ruins, and, as this building was next to the ice factory, and the efforts of our new fire company were directed especially to this part of the fire, the fire around these articles was soon extinguished, and they were left uninjured.

Cured Consumption.

Mrs. B. W. Evans, Charwater, Kan., writes: "My husband lay sick for three months. The doctors said he had quick consumption. We procured a bottle of Ballard's Horehound Syrup, and it cured him. That was six years ago and since then we have always kept a bottle in the house. We cannot do without it. For coughs and colds it has no equal." 25c, 50c and \$1.00. Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. Its medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine its as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county court clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso-Hypo with Iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking year Beechwood Emulso-Hypo with Iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly, G. T. SULLIVAN."

Theatrical Notes

Tonight and next week at The Kentucky:

Tonight, Miss Gertrude Ewing, in "A Country Wife."

Monday night, "The Georgia Minstrels."

Thursday night, Lewis Morrison in "Faust."

Friday night, The Commercial Club.

The coming of Richards & Pringle's famous Georgia minstrels to the Kentucky on Monday night, marks an interesting amusement event. This firm of ambitious amusement managers seem to be radical expansionists, for each succeeding season their organization increases in size and expands in every conceivable way, and the coming engagement will show it to be one of the largest and best equipped minstrel organization in America.

Fifty sterling performers appear in a program of unusual merit and of the fun provoking kind that makes colored minstrelsy always popular.

The world famous Clarence Powell will impersonate "Jim Jackson at the World's Fair." Clever Billy Young, late of the firm of McCabe & Young; the musical artists, Bailey & Crawford; Clarence Johnson, Hoop Controller; J. W. Cooper ventriloquist; Beauguard & Williams, sidewalk jesters; Broomsky, with some of his famous tricks in magic learned from Herrmann, The Great; the following six big comedians will act as end men: Powell, Woods, Bart-

RETURN OF THE GREAT LEWIS MORRISON HIMSELF AS THE DEVIL IN THE NEW FAUST

Kentucky on Next Thursday Night, Lewis Morrison, in "Faust" at The

lett, Young, Beauguard and Williams.

When an artist has been identified with one particular part in the legitimate or romantic drama in which he defies competition or comparison, as in the case of Joseph Jefferson in Rip Van Winkle, imitators spring up unsummoned and without proper qualifications. Lewis Morrison is another illustration of this fact. Two years ago he retired and imitators sprang up like mushrooms, believing a profitable field open. They found financial and artistic failure. The public can't be fooled all the time. They wanted the REAL devil, Lewis Morrison, and they are getting him this season with the most elaborate scenic, mechanical and electrical production of "Faust" ever staged in this country. The name and fame of Lewis Morrison has drawn a succession of crowded houses in every city he has so far visited. his auditors have voiced their approval in tumultuous fashion and

the tour of Lewis Morrison himself in the part of Mephisto bids fair to be the biggest financial theatrical success of the season. In cities where a succession of small audiences have caused depletion of the local manager's reserve fund, Lewis Morrison's artistic performance of "Faust" and the beauty of his new production has been magnetic enough to draw crowds which necessitated the display of that long unused sign, "Standing Room Only," which will probably be visible at The Kentucky on Thursday night, when Lewis Morrison himself will play Mephisto, supported by the best company he has ever had.

"Shore Acres" has frequently

been commended from the pulpit and many clergymen have witnessed its presentation throughout the United States and Canada and urged their congregations to see Mr. Herne's work. Lately it has been used for reading purposes and only a few weeks ago the play was read at the Young Women's Christian Association in New York City. This simple pastoral story of everyday life among the lowly New England folk has obtained a great hold upon the lovers of more refined stage art and the beautiful lessons of self-denial and devotion to life's higher ideals that it unconsciously teaches, cannot fail to impress the most hardened patron of the drama. "Shore Acres" has proven an epoch-making play that is constantly growing in popularity. A completely new scenic production of Mr. Herne's masterpiece will be given at The Kentucky, April 3.

The Gertrude Ewing company will close its engagement here this evening with "The Country Wife." Last night "The Lady of Lyons" was presented to an appreciative audience, and Miss Ewing distinguished herself by some exceptionally good acting. Her whole company gave excellent support, and has made an impression in Paducah that will be remembered when it returns next season.

Tim Murphy has been booked by Manager Jas. E. English for a return engagement here, matinee and night, April 1st.

He will play "Love Finds a Way," and a Shakespeare play.

He played "Two Men and a Girl" when here earlier in the season.

Manager Jas. E. English has received from Mr. B. D. Stevens, manager of Mr. Richard Mansfield, a letter expressing regret that Mr. Mansfield did not have the pleasure of meeting Manager English while in Paducah recently, and expressing the hope that he would make his acquaintance the next time he plays Paducah, indicating that he intends to return next season.

T. P. A. TO MEET.

Delegates to Be Selected to the Approaching State Convention.

The members of the local post, T. P. A., will meet tonight at Gilson's paint store for the purpose of electing delegates to the state convention.

tion at Louisville the 27th. The state meeting is to be unusually interesting this year, as several national officers are to be guests of Post D, at Louisville, and elaborate preparations are being made to entertain them. The former secretary here, Mr. Louis Kolb, was recently at the election of officers of the local post authorized to appoint the delegates, and has selected them, but desires the post to ratify the selections.

TALKING ABOUT COFFEE.

There's only one way to test coffee and that is to try it in the cup. We claim that Early Breakfast Coffee at 25 cents a pound is equal in flavor, fragrance and satisfying qualities to any 35-cent coffee sold. If this claim is true you are missing a good thing if you are not using Early Breakfast; aren't you? It doesn't cost but a trifle to find out. Get a package of your grocer and test its rare cup quality. If you do you'll thank us for the suggestion and we will gain a permanent customer. There's a premium certificate in every carton.
